

FIRST STEP PLAYGROUP

6.2 Supervision policy

Policy statement

Supervision is a formal and recorded process through which the professional actions of staff are examined and regularly reviewed. It provides a recorded system of decision making that is audited to improve practice and to improve the service we provide to children and parents.

Supervision acts as a means for ensuring that members of staff have access to the support, training and procedures they require for professional growth and development.

Practitioners should be given sufficient time, funding, supervision and support to fulfil their child welfare and safeguarding responsibilities effectively

appropriate supervision and support for staff, including undertaking safeguarding training ' Working Together to Safeguard Children, 2018, Chapter 2 Organisational responsibilities page 57

Information and records

At First Step Playgroup supervisions enables supervisors and supervisees to examine and reflect on the quality of their practice and to facilitate discussion. Supervisions should provide opportunities for staff to:-

- Discuss any issue - particularly concerning children's development and well being.
- Identify solutions to address issues as they arise
- Receive coaching to improve their professional effectiveness

- At First Step Playgroup all setting staff who work directly with children and families are supervised by **Angie Kelly, Manager** and **Karen Unwin, Deputy Manager** who will facilitate staff supervisions.
- Supervision meetings are held **once every term** for each member of staff.
- Supervision meetings are conducted in line with existing procedures and are held in a confidential space suitable for the task.
- Supervision agreements are drawn up for all staff and signed.

- A copy of the supervision record form is retained by the supervisor and a copy provided to the supervisee.
- Each member of staff has a supervision file which holds a copy of the agreement and their supervision record form. The supervision file is stored securely at all times.
- All supervision meetings must include discussion concerning the development and well being of each of the supervisee's key children.
- Where concerns are raised then the supervisor and supervisee must seek to identify solutions and identify further actions that need to be taken - these are recorded on the child's file.
- All aspects of supervision must ultimately focus on promoting the interests of the children.
- During supervision members of staff are able to discuss any concerns they have about inappropriate behaviour displayed by colleagues.

During supervisions staff are reminded of the need to disclose any convictions, cautions, court orders, reprimands and warnings relating to themselves (or anyone in their household) which may affect their suitability to work with children that have occurred during their employment with First Step Playgroup. Any new information is recorded and referred immediately to
